

## Great savings while you are looking for a new job!

If you are looking for work, but have kids to care for and find child care difficult to afford, AmericaEd Learning Center can help. Starting January 2010, AmericaEd is offering great discounts on our Preschool and After School programs for parents who have lost their jobs. We know it's hard to find a job when children require your attention. With our program, parents looking for work will have more time to search for available jobs knowing that their children will be cared for by a high quality licensed child care facility.

We are cutting our costs up to **75%** for families with 2 parents looking for work and up to **50%** for families with one parent searching for work. There are no other costs except an annual \$25 registration fee.

### Monthly Expense

**Preschool:** With a 75% discount, fulltime care (6:30am to 6:30pm; Monday – Friday) for one child costs \$250 per month and a 50% discount costs \$500 per month.

**After School:** With a 75% discount, fulltime care (2:30pm to 6:30pm; Monday - Friday) for one child costs \$124 per month and a 50% discount costs \$247.50 per month.

**Note: We are doing this only during the time when you are unemployed and searching for a job.** Once a position is found, we expect you will want to continue utilizing our center to meet your family's child care needs at our standard rates.

**To qualify for this discount,** you must show proof of unemployment status by bringing in your California EDD (Employment Development Department) papers to our office on a monthly basis. We hope this special offer will help you during this difficult time.

**For more information,** please contact us by phone at (408) 629.8442 or by email at [info@americaed.org](mailto:info@americaed.org).
